WITTY — *two games, one board*

Unit 5 · Revolutions · Two players · Four games of Four in a Row, or two games of Fox

THE DRAW — BOTH GAMES

Shuffle the 24 definition cards into one deck, face down. On your turn, draw three and read them.

Play one by matching it to a term on the board and say the term out loud. The card you played goes to the discard pile. The other two go to the bottom of the deck.

If you can match, you must. If none of your three cards match, put all three on the bottom, draw three, and your turn ends.

GAME ONE

FOUR IN A ROW

Fold the sheet, lay it flat between you, and play on the top face. Each player needs a different colored pencil.

YOUR TURN

Mark the square you matched. That square is yours.

WINNING

Four squares in a row — across, down, or diagonal. The FREE square counts toward both players' lines.

Board full with no line: draw.

Call it out: **"Witty!"**

FOUR TO A SHEET

Fold, play the top face, then turn to the next face. Four faces, four games, two layouts.

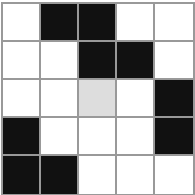

GAME TWO

FOX

Each player needs a sheet of their own. Fold it and stand the top half up so it faces you and hides the bottom half.

SETUP

On your bottom grid, shade three shapes: one of **4** squares, one of **3**, one of **2**. Each shape's squares must touch edge to edge. Shapes may not overlap and may not use FREE.

One way to place 4, 3, and 2.
Any shape works as long as the squares connect edge to edge.

YOUR TURN

The term you matched is your guess. Your opponent says **hit** or **miss**. Mark it on your standing grid.

A hit earns a free guess at any square touching it, no card needed. Keep going while you keep hitting.

Say **"Found!"** when you have found a whole shape.

WINNING

Find all three shapes. Two games to a sheet, one on each side.

CHALLENGE — BOTH GAMES

Either player, any time, before the next cards are drawn. Turn this sheet over and look it up. **Wrong claim:** cross out your mark, the guess does not count, and you lose your next turn. **Wrong challenge:** you lose your next turn.

Teacher note. Print the board sheet double-sided and fold it in the middle — never cut it, Fox needs the standing half. Every card in a deck carries the same number on its back. Print at 100%, not "fit to page."

ANSWER KEY — *Revolutions*

Unit 5 · 24 terms · Alphabetical

Adam Smith

Economist who argued markets coordinate better than governments.

American Revolution

Colonial revolt that founded a republic on Enlightenment ideas.

Creole

American-born person of Spanish descent, barred from the top offices.

Declaration of the Rights of Man

French statement of liberty and equality before the law.

Enlightenment

Movement applying reason to government, religion, and society.

Factory System

Concentrating workers and machines under one roof and one clock.

French Revolution

1789 rising that abolished the monarchy and legal privilege.

Haitian Revolution

The one slave revolt that founded an independent state.

Industrial Revolution

Shift to machine production powered by coal.

Italian Unification

Merging of separate states into one Italian kingdom.

John Locke

Philosopher who argued government rests on consent and natural rights.

Laissez-Faire

Doctrine that government should leave the economy alone.

Mary Wollstonecraft

Writer who argued women deserve the same education as men.

Napoleon Bonaparte

General who ended the revolution and spread its law codes by war.

Nationalism

Loyalty to a people sharing language, history, or culture.

Natural Rights

Rights held from birth that no government may take away.

Otto von Bismarck

Chancellor who unified Germany through calculated wars.

Reign of Terror

Stretch when the French republic executed its suspected enemies.

Simón Bolívar

Creole leader of the independence wars across northern South America.

Social Contract

Idea that people trade some freedom for protection by government.

Spinning Jenny

Machine that let one worker spin many threads at once.

Steam Engine

Machine that turned coal heat into motion, freeing factories from rivers.

Toussaint Louverture

Formerly enslaved general who led Haiti's revolution.

Voltaire

French writer who attacked the church and defended free speech.

WITTY · REVOLUTIONS

Movement applying reason to government, religion, and society.

WITTY · REVOLUTIONS

Philosopher who argued government rests on consent and natural rights.

WITTY · REVOLUTIONS

WITTY — *two games, one board*

Unit 5 · Revolutions · Two players · Four games of Four in a Row, or two games of Fox

THE DRAW — BOTH GAMES

Shuffle the 24 definition cards into one deck, face down. On your turn, draw three and read them.

Play one by matching it to a term on the board and say the term out loud. The card you played goes to the discard pile. The other two go to the bottom of the deck.

If you can match, you must. If none of your three cards match, put all three on the bottom, draw three, and your turn ends.

GAME ONE

FOUR IN A ROW

Fold the sheet, lay it flat between you, and play on the top face. Each player needs a different colored pencil.

YOUR TURN

Mark the square you matched. That square is yours.

WINNING

Four squares in a row — across, down, or diagonal. The FREE square counts toward both players' lines.

Board full with no line: draw.

Call it out: **"Witty!"**

FOUR TO A SHEET

Fold, play the top face, then turn to the next face. Four faces, four games, two layouts.

GAME TWO

FOX

Each player needs a sheet of their own. Fold it and stand the top half up so it faces you and hides the bottom half.

SETUP

On your bottom grid, shade three shapes: one of **4** squares, one of **3**, one of **2**. Each shape's squares must touch edge to edge. Shapes may not overlap and may not use FREE.

One way to place 4, 3, and 2.
Any shape works as long as the squares connect edge to edge.

YOUR TURN

The term you matched is your guess. Your opponent says **hit** or **miss**. Mark it on your standing grid.

A hit earns a free guess at any square touching it, no card needed. Keep going while you keep hitting.

Say **"Found!"** when you have found a whole shape.

WINNING

Find all three shapes. Two games to a sheet, one on each side.

CHALLENGE — BOTH GAMES

Either player, any time, before the next cards are drawn. Turn this sheet over and look it up. **Wrong claim:** cross out your mark, the guess does not count, and you lose your next turn. **Wrong challenge:** you lose your next turn.

Teacher note. Print the board sheet double-sided and fold it in the middle — never cut it, Fox needs the standing half. Every card in a deck carries the same number on its back. Print at 100%, not "fit to page."

ANSWER KEY — *Revolutions*

Unit 5 · 24 terms · Alphabetical

Adam Smith

Economist who argued markets coordinate better than governments.

American Revolution

Colonial revolt that founded a republic on Enlightenment ideas.

Creole

American-born person of Spanish descent, barred from the top offices.

Declaration of the Rights of Man

French statement of liberty and equality before the law.

Enlightenment

Movement applying reason to government, religion, and society.

Factory System

Concentrating workers and machines under one roof and one clock.

French Revolution

1789 rising that abolished the monarchy and legal privilege.

Haitian Revolution

The one slave revolt that founded an independent state.

Industrial Revolution

Shift to machine production powered by coal.

Italian Unification

Merging of separate states into one Italian kingdom.

John Locke

Philosopher who argued government rests on consent and natural rights.

Laissez-Faire

Doctrine that government should leave the economy alone.

Mary Wollstonecraft

Writer who argued women deserve the same education as men.

Napoleon Bonaparte

General who ended the revolution and spread its law codes by war.

Nationalism

Loyalty to a people sharing language, history, or culture.

Natural Rights

Rights held from birth that no government may take away.

Otto von Bismarck

Chancellor who unified Germany through calculated wars.

Reign of Terror

Stretch when the French republic executed its suspected enemies.

Simón Bolívar

Creole leader of the independence wars across northern South America.

Social Contract

Idea that people trade some freedom for protection by government.

Spinning Jenny

Machine that let one worker spin many threads at once.

Steam Engine

Machine that turned coal heat into motion, freeing factories from rivers.

Toussaint Louverture

Formerly enslaved general who led Haiti's revolution.

Voltaire

French writer who attacked the church and defended free speech.

WITTY · REVOLUTIONS

Movement applying reason to government, religion, and society.

WITTY — *two games, one board*

Unit 5 · Revolutions · Two players · Four games of Four in a Row, or two games of Fox

THE DRAW — BOTH GAMES

Shuffle the 24 definition cards into one deck, face down. On your turn, draw three and read them.

Play one by matching it to a term on the board and say the term out loud. The card you played goes to the discard pile. The other two go to the bottom of the deck.

If you can match, you must. If none of your three cards match, put all three on the bottom, draw three, and your turn ends.

GAME ONE

FOUR IN A ROW

Fold the sheet, lay it flat between you, and play on the top face. Each player needs a different colored pencil.

YOUR TURN

Mark the square you matched. That square is yours.

WINNING

Four squares in a row — across, down, or diagonal. The FREE square counts toward both players' lines.

Board full with no line: draw.

Call it out: **"Witty!"**

FOUR TO A SHEET

Fold, play the top face, then turn to the next face. Four faces, four games, two layouts.

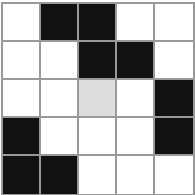

GAME TWO

FOX

Each player needs a sheet of their own. Fold it and stand the top half up so it faces you and hides the bottom half.

SETUP

On your bottom grid, shade three shapes: one of **4** squares, one of **3**, one of **2**. Each shape's squares must touch edge to edge. Shapes may not overlap and may not use FREE.

One way to place 4, 3, and 2.
Any shape works as long as the squares connect edge to edge.

YOUR TURN

The term you matched is your guess. Your opponent says **hit** or **miss**. Mark it on your standing grid.

A hit earns a free guess at any square touching it, no card needed. Keep going while you keep hitting.

Say **"Found!"** when you have found a whole shape.

WINNING

Find all three shapes. Two games to a sheet, one on each side.

CHALLENGE — BOTH GAMES

Either player, any time, before the next cards are drawn. Turn this sheet over and look it up. **Wrong claim:** cross out your mark, the guess does not count, and you lose your next turn. **Wrong challenge:** you lose your next turn.

Teacher note. Print the board sheet double-sided and fold it in the middle — never cut it, Fox needs the standing half. Every card in a deck carries the same number on its back. Print at 100%, not "fit to page."

ANSWER KEY — *Revolutions*

Unit 5 · 24 terms · Alphabetical

Adam Smith

Economist who argued markets coordinate better than governments.

American Revolution

Colonial revolt that founded a republic on Enlightenment ideas.

Creole

American-born person of Spanish descent, barred from the top offices.

Declaration of the Rights of Man

French statement of liberty and equality before the law.

Enlightenment

Movement applying reason to government, religion, and society.

Factory System

Concentrating workers and machines under one roof and one clock.

French Revolution

1789 rising that abolished the monarchy and legal privilege.

Haitian Revolution

The one slave revolt that founded an independent state.

Industrial Revolution

Shift to machine production powered by coal.

Italian Unification

Merging of separate states into one Italian kingdom.

John Locke

Philosopher who argued government rests on consent and natural rights.

Laissez-Faire

Doctrine that government should leave the economy alone.

Mary Wollstonecraft

Writer who argued women deserve the same education as men.

Napoleon Bonaparte

General who ended the revolution and spread its law codes by war.

Nationalism

Loyalty to a people sharing language, history, or culture.

Natural Rights

Rights held from birth that no government may take away.

Otto von Bismarck

Chancellor who unified Germany through calculated wars.

Reign of Terror

Stretch when the French republic executed its suspected enemies.

Simón Bolívar

Creole leader of the independence wars across northern South America.

Social Contract

Idea that people trade some freedom for protection by government.

Spinning Jenny

Machine that let one worker spin many threads at once.

Steam Engine

Machine that turned coal heat into motion, freeing factories from rivers.

Toussaint Louverture

Formerly enslaved general who led Haiti's revolution.

Voltaire

French writer who attacked the church and defended free speech.

WITTY · REVOLUTIONS

Movement applying reason to government, religion, and society.

WITTY — *two games, one board*

Unit 5 · Revolutions · Two players · Four games of Four in a Row, or two games of Fox

THE DRAW — BOTH GAMES

Shuffle the 24 definition cards into one deck, face down. On your turn, draw three and read them.

Play one by matching it to a term on the board and say the term out loud. The card you played goes to the discard pile. The other two go to the bottom of the deck.

If you can match, you must. If none of your three cards match, put all three on the bottom, draw three, and your turn ends.

GAME ONE

FOUR IN A ROW

Fold the sheet, lay it flat between you, and play on the top face. Each player needs a different colored pencil.

YOUR TURN

Mark the square you matched. That square is yours.

WINNING

Four squares in a row — across, down, or diagonal. The FREE square counts toward both players' lines.

Board full with no line: draw.

Call it out: **"Witty!"**

FOUR TO A SHEET

Fold, play the top face, then turn to the next face. Four faces, four games, two layouts.

GAME TWO

FOX

Each player needs a sheet of their own. Fold it and stand the top half up so it faces you and hides the bottom half.

SETUP

On your bottom grid, shade three shapes: one of **4** squares, one of **3**, one of **2**. Each shape's squares must touch edge to edge. Shapes may not overlap and may not use FREE.

One way to place 4, 3, and 2.
Any shape works as long as the squares connect edge to edge.

YOUR TURN

The term you matched is your guess. Your opponent says **hit** or **miss**. Mark it on your standing grid.

A hit earns a free guess at any square touching it, no card needed. Keep going while you keep hitting.

Say **"Found!"** when you have found a whole shape.

WINNING

Find all three shapes. Two games to a sheet, one on each side.

CHALLENGE — BOTH GAMES

Either player, any time, before the next cards are drawn. Turn this sheet over and look it up. **Wrong claim:** cross out your mark, the guess does not count, and you lose your next turn. **Wrong challenge:** you lose your next turn.

Teacher note. Print the board sheet double-sided and fold it in the middle — never cut it, Fox needs the standing half. Every card in a deck carries the same number on its back. Print at 100%, not "fit to page."

ANSWER KEY — *Revolutions*

Unit 5 · 24 terms · Alphabetical

Adam Smith

Economist who argued markets coordinate better than governments.

American Revolution

Colonial revolt that founded a republic on Enlightenment ideas.

Creole

American-born person of Spanish descent, barred from the top offices.

Declaration of the Rights of Man

French statement of liberty and equality before the law.

Enlightenment

Movement applying reason to government, religion, and society.

Factory System

Concentrating workers and machines under one roof and one clock.

French Revolution

1789 rising that abolished the monarchy and legal privilege.

Haitian Revolution

The one slave revolt that founded an independent state.

Industrial Revolution

Shift to machine production powered by coal.

Italian Unification

Merging of separate states into one Italian kingdom.

John Locke

Philosopher who argued government rests on consent and natural rights.

Laissez-Faire

Doctrine that government should leave the economy alone.

Mary Wollstonecraft

Writer who argued women deserve the same education as men.

Napoleon Bonaparte

General who ended the revolution and spread its law codes by war.

Nationalism

Loyalty to a people sharing language, history, or culture.

Natural Rights

Rights held from birth that no government may take away.

Otto von Bismarck

Chancellor who unified Germany through calculated wars.

Reign of Terror

Stretch when the French republic executed its suspected enemies.

Simón Bolívar

Creole leader of the independence wars across northern South America.

Social Contract

Idea that people trade some freedom for protection by government.

Spinning Jenny

Machine that let one worker spin many threads at once.

Steam Engine

Machine that turned coal heat into motion, freeing factories from rivers.

Toussaint Louverture

Formerly enslaved general who led Haiti's revolution.

Voltaire

French writer who attacked the church and defended free speech.

WITTY · REVOLUTIONS

Movement applying reason to government, religion, and society.

WITTY — *two games, one board*

Unit 5 · Revolutions · Two players · Four games of Four in a Row, or two games of Fox

THE DRAW — BOTH GAMES

Shuffle the 24 definition cards into one deck, face down. On your turn, draw three and read them.

Play one by matching it to a term on the board and say the term out loud. The card you played goes to the discard pile. The other two go to the bottom of the deck.

If you can match, you must. If none of your three cards match, put all three on the bottom, draw three, and your turn ends.

GAME ONE

FOUR IN A ROW

Fold the sheet, lay it flat between you, and play on the top face. Each player needs a different colored pencil.

YOUR TURN

Mark the square you matched. That square is yours.

WINNING

Four squares in a row — across, down, or diagonal. The FREE square counts toward both players' lines.

Board full with no line: draw.

Call it out: **"Witty!"**

FOUR TO A SHEET

Fold, play the top face, then turn to the next face. Four faces, four games, two layouts.

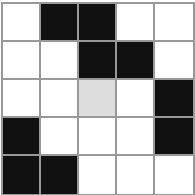

GAME TWO

FOX

Each player needs a sheet of their own. Fold it and stand the top half up so it faces you and hides the bottom half.

SETUP

On your bottom grid, shade three shapes: one of **4** squares, one of **3**, one of **2**. Each shape's squares must touch edge to edge. Shapes may not overlap and may not use FREE.

One way to place 4, 3, and 2.
Any shape works as long as the squares connect edge to edge.

YOUR TURN

The term you matched is your guess. Your opponent says **hit** or **miss**. Mark it on your standing grid.

A hit earns a free guess at any square touching it, no card needed. Keep going while you keep hitting.

Say **"Found!"** when you have found a whole shape.

WINNING

Find all three shapes. Two games to a sheet, one on each side.

CHALLENGE — BOTH GAMES

Either player, any time, before the next cards are drawn. Turn this sheet over and look it up. **Wrong claim:** cross out your mark, the guess does not count, and you lose your next turn. **Wrong challenge:** you lose your next turn.

Teacher note. Print the board sheet double-sided and fold it in the middle — never cut it, Fox needs the standing half. Every card in a deck carries the same number on its back. Print at 100%, not "fit to page."

ANSWER KEY — *Revolutions*

Unit 5 · 24 terms · Alphabetical

Adam Smith

Economist who argued markets coordinate better than governments.

American Revolution

Colonial revolt that founded a republic on Enlightenment ideas.

Creole

American-born person of Spanish descent, barred from the top offices.

Declaration of the Rights of Man

French statement of liberty and equality before the law.

Enlightenment

Movement applying reason to government, religion, and society.

Factory System

Concentrating workers and machines under one roof and one clock.

French Revolution

1789 rising that abolished the monarchy and legal privilege.

Haitian Revolution

The one slave revolt that founded an independent state.

Industrial Revolution

Shift to machine production powered by coal.

Italian Unification

Merging of separate states into one Italian kingdom.

John Locke

Philosopher who argued government rests on consent and natural rights.

Laissez-Faire

Doctrine that government should leave the economy alone.

Mary Wollstonecraft

Writer who argued women deserve the same education as men.

Napoleon Bonaparte

General who ended the revolution and spread its law codes by war.

Nationalism

Loyalty to a people sharing language, history, or culture.

Natural Rights

Rights held from birth that no government may take away.

Otto von Bismarck

Chancellor who unified Germany through calculated wars.

Reign of Terror

Stretch when the French republic executed its suspected enemies.

Simón Bolívar

Creole leader of the independence wars across northern South America.

Social Contract

Idea that people trade some freedom for protection by government.

Spinning Jenny

Machine that let one worker spin many threads at once.

Steam Engine

Machine that turned coal heat into motion, freeing factories from rivers.

Toussaint Louverture

Formerly enslaved general who led Haiti's revolution.

Voltaire

French writer who attacked the church and defended free speech.

WITTY · REVOLUTIONS

Movement applying reason to government, religion, and society.
